A 3 bed 3 bath home with den on a large lot in a beautiful quiet spot with lake views. With some love and attention this house could be a wonderful family home. Having a spacious lounge/ living room, a good sized kitchen and dining area, a separate laundry room. The enclosed car port has created a large den with updated shower room with its own entrance that could easily be converted to a separate income producing unit. There are three good sized bedrooms, the master has an en-suite bathroom with double vanity and the other two bedrooms served by a guest bathroom. The large back yard is fenced and enjoys beautiful lake view, plenty of space for an expansive deck and pool and/or childrens playground. This home is on a large lot and over-looking the lake has great potential, the size of the home and the location is perfect for families.
