Unit #C2, located near the facility entrance, offers excellent visibility from Dorcy Drive and is conveniently close to Owen Roberts International Airport. This unit is part of a brand-new development, scheduled for completion in November 2024. Each unit includes a 12' wide by 14' tall electric roll-up door, designed for easy access to large vehicles and equipment. Unit #C2 is also outfitted with a 7" x 4" x 8" restroom featuring a toilet, sink, and extraction fan. Additionally, two pedestrian doors—located at the front and rear—enhance accessibility and flow. Constructed with durable steel, the building features 26-gauge exterior wall panels and is engineered to withstand winds up to 150 mph. The roof is composed of 26-gauge galvalume on steel purlins, and the foundation is raised to +8-0 above MLS, with a sealed concrete finish for added durability.
